Company Information

✦ Company Introduction :

ChipER Technology Co., Ltd. was founded in 1989; we have entered its almost 20 years of operation. We are one of the pioneers of CCTV system manufacturing as the earliest company in Taiwan that started R&D & manufacturing cameras. We are the first one to start using "SONY" CCD in camera manufacturing. The first one to be successful with R&D & production to supply 2/3" CCD cameras in Taiwan under cooperation with "SONY" corporation of Japan. Has been a leader of Taiwan's development on video imaging & control system equipment. During recently, CCTV has entered an era where it has to involve digitalization & remote monitoring through the internet. This has become the major trend in the market demand. This situation also has made "CCTV administration method" & "CCTV equipment operation habit" as Chip ER's fundamental consideration during R&D of any new product. Under demand for E-security & video security, we will continue to revolutionize the new era security application for each of every invincible corner. If you have any question about our product, you can tell us. We will give you an early reply. Furthermore, we look forward to searching a good business partner. If you are interested in our product or you want to enquire, please feel free to contact with us or you can email to us.

✦ Main Products :

security (safety, safe, surveillance) products- (1) color cameras- CCTV camera, CCTV cameras, CCD star light sensitivity high resolution, CCD RGB, motion detector, CCD programmable cover, CCD high sensitivity economical, CCD basic, CCD bullet type, license plate cameras, license plate camera, automatic number plate recognition, automatic number plate recognitions, CCD star light sensitivity MFDN (mechanical filter day & night), CCD speed dome, CCD high sensitivity IR lamps, IR & CCTV cameras. (2) B/W cameras- CCD star light sensitivity B/W LPC. (3) video processors- mobile quad processors, triplex & duplex 16 CH. multiplexer, time date week & digital cross line generators, video amplifiers & distributors, multi language characters generators, video isolators & switchers. (4) matrix systems- twisted pair & coaxial & video control matrix main units, coaxial small matrix 8 channels, matrix & speed dome control keyboards, twisted pair control receivers, coaxial control receivers & video transmitters. (5) coaxial cable single channel control and video transmission systems, twisted pair far distance single channel video transmission system, twisted pair RS 422 multi function control keyboards. (6) pan tilts- weather proof, explosive free & stainless steel pan-tilt drivers, weather proof 360 degree continuous & stream line pan & tilt drivers, weather proof side loading & heavy duty pan & tilt drivers, indoor pan tilt drivers, indoor scanners. (7) controllers- pan & tilt & zoom lens remote controllers,

variable speed feature pans. (8) housings & brackets- weather proof stainless steel nitrogen pressurize able housing, heavy to light duty brackets collections. (9) monitors- color & BW video monitors. (10) heavy to light duty IR illuminators. (11) stand alone digital video recorders, PC based recorders, PC based DVR NDM.

✚ Other Information :

Business Nature :	Manufacturer, Exporter, OEM, Erer
Year Established :	1989
Company Capital :	USD 0 ~ 1,000,000
Annual Revenue :	USD 0 ~ 1,000,000
Annual Capacity :	100000
President :	Mr. Adosin Lo
No. of Total Staff :	1 ~ 50
Current Export Markets :	Worldwide
Trade Term :	FOB
Shipment :	Sea, Air
Delivery Time :	14-30 days
Currency :	USD
Negotiable :	Negotiable
Factory Size in Square Meters :	5000
